

**Head of Sustainable Finance**  
*UK or Netherlands - Full time*  
*Reporting to the Executive Chairman*

**About the company**

[Lendable](#) is a technology enabled impact asset manager. Since 2015 Lendable has been building technology and fund solutions for financial inclusion. To date, Lendable has helped more than 2m people get access to fair financial products and deployed over \$330m of capital to fintechs across Africa, Southeast Asia, and Latin America. Lendable manages its investments and risk using the Maestro platform, which enables real time access to end borrower data, verification capabilities, and automated analysis and analytics, with over 39m unique loans in the Lendable database.

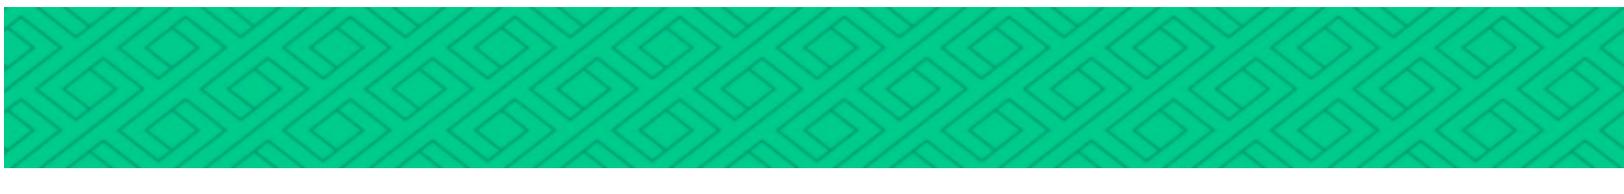

Our diverse team consists of investors, data scientists, technologists, and people who care about supporting each other and our clients. We are passionate about creating a more just and sustainable world. The team is based in London, Nairobi, Singapore, Madrid, Amsterdam, and California. Come help us build out our team and continue to grow!

**About the role**

After nearly six years of managing assets in financial inclusion, Lendable is launching a sustainable finance fund management business. The goal of this business is to accelerate decarbonization and enhance resiliency. Ensuring the health of our planet is a key component of our mission of creating a more just world. We are looking for an experienced investor to run the fund management of our new sustainability funds.

You are someone passionate about decarbonization with a track record of excellence in investing in climate mitigation. You have a history of performance across fund deployment, underwriting, and portfolio management. You are entrepreneurial, with a track record of taking things from zero to launched.

In this role, you will demonstrate your **integrity** in ensuring Lendable stays true to our impact mission. You will deploy **good judgment** in your investment decision and prioritization and **rigorous communication** in how you manage a team of investment professionals.

**Responsibilities:**

- Design credit policies, systems, and procedures for new sustainability funds based on Lendable's existing templates.
- Build an investment team to deploy and manage new sustainability funds.
- You will sit on the investment committee for the new Lendable Sustainable Finance Fund I.
- Initially you will build the pipeline of borrowers, negotiate transactions, and lead due diligences.
- Work with the Executive Chairman and investor relations team to raise capital for the sustainable finance business.
- After the launch of Lendable Sustainable Finance Fund I, work with the CEO and Executive Chairman to launch subsequent sustainable finance products.

**Required Experience:**

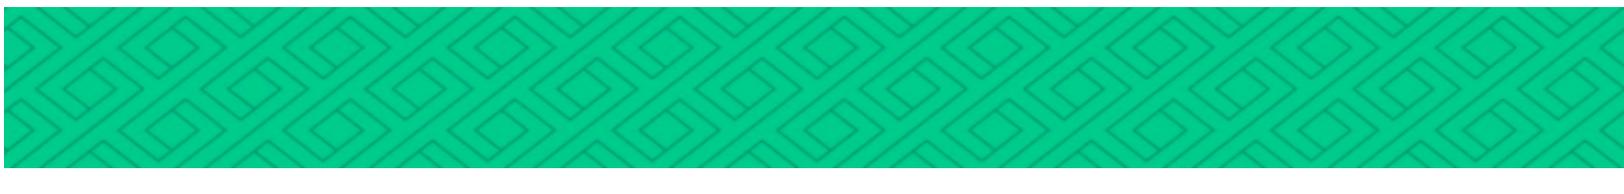

- 20+ years in fund management
- 10+ years in climate related debt or bond investments
- Experience as Director of Investments or CIO of fund
- Experience managing an investment team
- Experience in emerging and frontier markets

**Optional Experience:**

- Experience working with green bonds or sustainability linked debt a positive
- Experience working with carbon credits a positive
- Experience working with Technical Assistance a positive

**Capabilities:**

- Excellence in origination strategy
- Excellence in credit analysis
- Excellence in deal origination and negotiation

**What we offer:**

- Stimulating, smart and fun colleagues - a group of people who care about social justice, diversity, and inclusion
- Flexible working environment
- Market competitive salary
- Strong health insurance package that includes dental, vision, and mental health coverage
- Paid new parent leave policy
- The chance to engage in truly impactful and meaningful work

Persons of all gender, race, sex, orientation, age, and identity are encouraged to apply. We will ensure that individuals with disabilities are provided reasonable accommodation to participate in the job application or interview process, to perform crucial job functions, and to receive other benefits and privileges of employment. Please contact us to request accommodation.
